Licensed barbers Catie Linneman, Cathy Stavig and Jim McGuire requested clarification on the curriculum requirements for an individual who is seeking a barber license with prior cosmetology or other related coursework, whether or not the additional hours will need to be obtained in a barber school, and what exams that individual will need to take to become a licensed barber. It was clarified that the education must be obtained in a licensed barber school, include the required additional curriculum as stated in the rules to meet the 1500 hour required education/curriculum, and take the full State Board examinations that include a hands-on practical and written theory examination.

Donnie Valderrama, owner of the South Dakota Barber College requested that the Board make two amendments to the proposed rules, the first one to eliminate the maximum number of students an instructor may supervise on an educational field trip and to remove the prohibition of the school to advertise the student prices outside the school.

Randy Scott made a motion to amend rule 20:39:03:13 (Student barber practice) (2) to read: No school may advertise ~~outside the school the prices charged in the school~~ or that the school is a barber shop;
