# NEW BUSINESS

GOAC, SDBOTP Reciprocity requirements request Discussed by Humphreys and Board.

**HB1107** Board previously delegated Humphreys to draft statute changes. Humphreys stated that since January, he requested from GOAC, additional information which included questions regarding caps being applied to licenses only, and that GOAC is possibly expecting caps for outside vendor examination charges as well. Kolden mentioned that GOAC meets in August 2008; the Board needs to present GOAC with suggested statute changes before October 2008; and that GOAC is referencing Accountancy's statute changes to use as a template. The Board determined if this is the case, then this goes way beyond our licensure fees and would have us trying to regulate National Council testing fees, which would be impossible to regulate. Kolden and the Board to draft a letter to GOAC setting forth why it is not possible for the Board to comply in this manner. To be discussed further at the September retreat.

Stamps-Design Humphreys discussed with Board. To be discussed further at retreat.
