AGENDA ITEM #6 NEW BUSINESS

NCEES CBT concerns

Humphreys discussed the cost increase in testing with the shift to CBT testing. Jurisdictions replying to a letter that was circulated to Member Board Executives did not oppose the cost increase; but a few did raise concerns. This issue may be raised at the upcoming annual meeting.

Diploma Mills

Informational that this is an on-going issue.

Inactive Status

Humphreys discussed with the Board the issue if inactive is status or licensee. Board agreed that in inactive, the licensee should be considered as licensed, unless specifically exempted in the Blue Book.

Red Vector follow-up

Humphreys noted number of licensees using for PDH requirements. Candidates may purchase course work to review and then complete the exam for a certificate of completion.

Travel - Billing statement issues with sites such as Expedia, Price-line, etc.

Board was cautioned to not use travel sites that bundle airfare and hotel into one cost. State Auditors need to have a complete breakdown on an original billing for expenditures that are to reimbursed to Board members.

A.R.E. Pipeline

Humphreys discussed the "pipeline" which was created by the Board years ago, to allow those individuals who had already been gaining qualifying experience and or education; prior to July 01, 1989 to be "grandfathered" and considered for examination under the standards that existed as of June 30, 1989.

The Board reviewed its meeting minutes of July 19, 2002 which state that "On motion by Jans and seconded by Hengel, the ending date for architects to take the A.R.E. who have been allowed to take the exam under old statutes is July 1, 2007". This ending date was later changed to December 31, 2010 as demonstrated in a letter sent to all of the Board's grandfathered candidates, dated January 19, 2005. Also the September 2007 newsletter was reviewed which states, "This will affect many of our "grandfather" applications. If you know anyone who has applied to the Board in the past for "grandfather" status, please let them know that they will have until December 2010 to pass all divisions of the Architectural Registration Examination. At that time, the Board will destroy their file folders."

It was noted that since the old standards were no longer in effect on July 01, 1989 and an ending date of the December 31, 2010 was established, this has given the grandfathered candidates of the pipeline more than 21 years to finish their education and or experience requirements, and to successfully complete all divisions of the A.R.E.

MOTION: By Olson, seconded by Shafai, that per the July 19, 2002 minutes of the Board; the letter dated January 19, 2005 sent to applicants, and the article published in the September, 2007 Newsletter, the ending date for the grandfathered candidates of the pipeline to complete all divisions of the Architectural Registration Examination was effective December 31, 2010.
