## South Dakota GERGEP PECTS

**Coaches** in South Dakota teach student athletes. They help

them learn to play a sport. Coaches who are also teachers are

instead called teachers. These coaches teach the rules of the sport. They also

help athletes improve their skills and techniques to help them win. Coaches

may specialize in a variety of sports including basketball, football, gymnastics,

track, soccer, swimming, tennis and wrestling.

Look at the chart below for a gymnastics competition. Draw the hands on the clock face to match the start and end times for each round. Then do the math to figure out the total amount of time each round took. Write your answer on the line after the clocks.
