AGENDA ITEM #4 INVESTIGATION REPORTS

Case 09-06 Competency and Professional Conduct

The Board discussed Case 09-06. The Board set hearing dates of November 20-22, this hearing is scheduled to start at 8:30 a.m. on the 20th of November. Board members are scheduled to arrive for this hearing on November 20th and stay until the conclusion of the previously scheduled Board meeting on the 22nd of November. However, if the hearing runs long, the Board discussed the possibility of moving the regularly scheduled Board meeting to Saturday, November 23rd. The consensus of the Board is to keep the Board meeting on Friday, November 22nd, as there will be enough time to reschedule it and still meet public notice laws if the hearing runs longer.

Case 12-08 Failure to report Disciplinary Action

The Board discussed Case 12-08. The investigative committee reported that they are currently negotiating a consent agreement. This case will be discussed more at the next Board meeting.

Website review and update

Hyperlinks of ARSD 20:38 on LRC's website

The Board briefly discussed the fact that the links on this website are still broken. The problem has been reported to the appropriate authority. The consensus of the Board is that the broken links are an inconvenience, but will not cause too much difficulty for applicants or greatly affect how the Board conducts its business.

Newsamation; replacement emailing program developed by BIT

The Board briefly discussed the mass emailing program still being developed by BIT (Bureau of Information and Technology).

NCEES CBT preparations

The Board discussed NCEES CBT preparations. The Board decided to go with NCEES manual approval process for testing. Due to concerns regarding the "Select" test center site in Rapid City, the Board has contacted the appropriate parties and encouraged them to ensure enough computers are available for those approved to test. Deadlines for testing need rules revision to take into account the increased number of testing dates. Rules revisions will also include adding language to require Take Home exams, Land Survey Take Home Exam and Petroleum Take Home Exam and associated retake fees for failing the exams. Staff Attorney Arnold has reviewed the revisions submitted by the Board. A hearing by telephone was tentatively set for mid-September 2013. Staff Attorney Arnold reminded the Board that an Agenda must be posted along with the phone number to join the teleconference. Also discussed was SDSU applying to become a testing center. The consensus of the Board is to approve/pass these rules revisions.

Motion: By Shafai; seconded by Micko to approve/pass rules revisions.
Action: 7-0 AYE (Neugebauer, Nelson, Micko, Bacon, Shafai, Williams, Olson)

Review of Legislation - SB117 / 36-1B

The Board discussed legislation SB117 - Expedited Licensure Procedure For Spouses of Military Personnel. The consensus of the Board is that the Boards current policies as well as state laws and statutes already adequately address this issue and conform to this new legislation.

Olson requested information on the progress of the overdraft funds proposal. He asked to be kept informed on the progress of obtaining the overdraft protection for bad checks.

AGENDA ITEM #6 NEW BUSINESS

Conversion from classic asp to .net format

The Board discussed the conversion from classic asp to .net format and the associated costs. The Board determined that the BIT estimate of \$156,348 was more than the Board could afford to pay and discussed an estimate requested by staff from an outside vendor. BPro, who has other contracts with the State of South Dakota, has provided the requested estimate. BPro can be contracted to do the conversion fixes for an estimated \$28,000, which estimate would not require an RFP. BIT would require that BPro's work be reviewed and approved by them. The cost of this review could not be included in the contract, as BIT cannot contract with itself or another state entity. BIT commented that there are three phases to the review process of outside vendor software/code and could not provide an estimated cost for reviewing any outside vendor's software/code without already having the code to review. This review could take 10-20 hours of work depending upon the quality of the code written by the outside vendor. At this point, the Board decided to approve a budget for the required website conversion fixes of \$30,000 to an outside vendor and \$10,000 for BIT review for a grand total of \$40,000.

Motion: By Shafai; seconded by Micko to approve a budget to contract for website conversion fixes with BPro (an outside vendor) for a cost of \$30,000 and \$10,000 for BIT review for a grand total of \$40,000 to pay for both parts.
Action: 7-0 AYE (Neugebauer, Nelson, Micko, Bacon, Shafai, Williams, Olson).

FY13 Audit

The Board was reminded of the upcoming FY13 Audit.

Review of Satellite Offices posting of hours

The Board discussed the issue of a firm that has been sold due to the death of the previous owner, who was the PE/LS in responsible charge of an engineering & surveying firm. It has now become a Satellite office of the purchasing firm. The Board discussed the acquisition of this firm by another firm; the interim posting of hours and using another PE from the acquiring firm on a temporary part-time basis to be in responsible charge until a permanent PE can be hired. The consensus of the Board was to accept this interim staffing plan and to periodically review this office for compliance until a full-time licensee is assigned to this office.

Motion: By Nelson; seconded by Shafai to approve interim posting of hours.
Action: 6-0 AYE (Neugebauer, Nelson, Bacon, Shafai, Williams, Olson); Micko abstained.

Construction Manager-at risk

The Board discussed an article related to the Governor's comments on the practice of construction manager-at-risk process in bidding contracts. The Board determined that this issue requires no action by the Board as a clarification came out that this activity will only affect one project in South Dakota. The Board also discussed a letter which received from a law firm regarding possible future legislation concerning the construction manager-at-risk issue. It was decided that Jeff Nelson would draft a letter in reply to this firm, which would be reviewed by the Board's legal counsel prior to forwarding the letter to the law firm.

PE Exam experience prerequisites

The Board discussed NCEES PE Exam experience prerequisites for Model Law, which allows PE Exam applicants to test early (some states are already allowing this). This item is informational only and does not require any action to be taken by the Board; however, the Board will need to arrive at its position on this matter so that it can vote accordingly at the upcoming NCEES annual conference.

NCEES Credential Evaluation - Online Education

This item is informational only and was briefly discussed by the Board. The Board discussed how more online degree programs are becoming ABET accredited and how these programs are going through NCEES credentials evaluation.

AGENDA ITEM #14 ANNUAL, ZONE, COMMITTEE REPORTS & UPCOMING MEETINGS

PREVIOUS - 06/19/13 to 06/22/13 - NCARB Annual Meeting; San Diego, CA

The Board discussed the NCARB Annual Meeting. It was a good convention with interesting discussions. They coordinated the issues with the Canadian Architectural Certification Board (CACB). They had a Disney presenter that was outstanding both in content as well as in presentation. Attendees were allowed to listen in by telephone for the first time. Also discussed at the conference was the scheduling conflict between AIA & NCARB meetings.

UPCOMING - 08/21/13 to 08/24/13 - NCEES Annual Meeting; San Antonio, TX

The Board discussed the upcoming NCEES Annual Meeting; four Board members and the Executive Director are approved and registered to attend; discussed the number of votes each state board is or should be allowed; and reviewed the NCEES E-packet handout. The consensus of the Board is to leave the current voting system in place and to vote

against any measure brought to the floor to change the current system. The Board will probably vote no on any measure that eliminates all pathways to licensure for Land Surveyors that do not require a four year accredited degree in surveying.

09/26/13 to 09/28/13 - CLARB Annual Meeting; Minneapolis, MN

The Board also discussed who would attend the CLARB Annual Meeting; there are no funded delegates for this conference. The Board approved Olson to attend the CLARB Annual Meeting and Neugebauer to attend as an alternate in the event Olson is unable to attend.

AGENDA ITEM #15 CORRESPONDENCE (FOR REVIEW AND DISCUSSION, IF DESIRED)

Compliments

**NCEES - Candidate announcement for Treasurer
Lake Area Technical - Drafting Program
2013 NCEES Engineering Award
Purdue University - Grade Changing Scheme
NCEES Reports
Architect Inquiry
Continuing Education Interpretation**

Other various board correspondence/Email

Most of the above topics are informational only.

The Board discussed the "Architect's Inquiry" and the Board's response to said inquiry. It is the consensus of the Board that an architect cannot stamp another architect's preliminary drawings; however, the architect can use these preliminary drawings as a basis for their own.

The Board discussed the "Continuing Education Interpretation" of PDH hours granted for work done on NCEES exam item creation or revision. It is the consensus of the Board that NCEES will need to grant PDH credits for work done on exam items by providing certificates and qualifying number of PDH hours granted for this type of activity.

AGENDA ITEM #16 FUTURE BOARD MEETING SCHEDULE

September 13, 2013 and November 22, 2013

The Board discussed the possibility that the November 22, 2013 Board meeting may need to be adjusted if the hearing schedule for Case 09-06 should run long and into the scheduled board meeting time.

AGENDA ITEM #17 ADJOURNMENT
