

# Career Aware

Hi! I'm Caleb the career bug!

When I explore, I have antennae that make me aware of all kinds of things. Right now, I am exploring careers. Did you know there are THOUSANDS of careers in our world, most of which you could do right here in South Dakota? I will help you develop your "career antennae" so you can learn about some of them.

We won't buzz wildly from one career to another. We'll look at a group of careers that have things in common. The groups are called Career Clusters<sup>®</sup>. Use the checklist below to keep track of the Career Clusters we have explored.

Ready? Let's go!

- Agriculture, Food & Natural Resources
- Architecture & Construction
- Arts, Audio/Video Technology & Communications
- Business Management & Administration
- Education & Training
- Finance
- Government & Public Administration
- Health Science
- Hospitality & Tourism
- Human Services
- Information Technology
- Law, Public Safety, Corrections & Security
- Manufacturing
- Marketing
- Science, Technology, Engineering & Mathematics
- Transportation, Distribution & Logistics

**Note to teachers and advisors:** Caleb helps students start growing their "career antennae" to pick up on the thousands of career options in the world. Hopefully students will be more aware of the many careers out there!

**Note to parents:** Research shows parents have the biggest influence on youth's career exploration and decision making. Need tips on helping your child with career exploration and eventual decision making? Contact the Labor Market Information Center at 1.800.592.1881 to find out about other free career resources available for students.
