

Career Peeks

Salespersons work in stores. They sell items like clothes, furniture, cars or things for your home. They help customers find what they want. They answer questions about things for sale. They ring up sales.

Pretend you are a salesperson in a candy store. Help the customers **add** the coins.

$$\underline{10} \text{¢} + \underline{2} \text{¢} = \underline{12} \text{¢}$$

$$\underline{10} \text{¢} + \underline{4} \text{¢} = \underline{14} \text{¢}$$

$$\underline{25} \text{¢} + \underline{10} \text{¢} + \underline{2} \text{¢} = \underline{37} \text{¢}$$

at what you can become!
