Business Management &
Administration Cluster

General Managers are responsible for the overall operations of a company or agency. They make rules, oversee daily operations, and plan the use of materials and workers.

Suppose you are the manager of an ice cream shop. Circle the things below you would need to operate the shop.

Ice cream

Pepperoni

Pizza sauce

Ice cream scoopers

Ice cream toppings

Plastic dishes

Workers

Spoons

Ice cream cones

Pizza crust

Freezer

Oven

Bonus: Suppose the ice cream shop makes a profit of 50 cents on each ice cream cone sold (after subtracting all the costs involved in making each cone). If the shop sells 35 cones in one day, what is the total profit?
