

South Dakota Career Peeks

Marketing Cluster

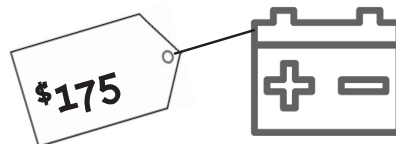

Parts Salespersons sell spare and replacement parts and equipment in repair shops or parts stores. They process sales and help customers find the right products for cars or tractors.

Figure out how much change each customer will get back at the car parts store.

Sally has:

1 battery costs:

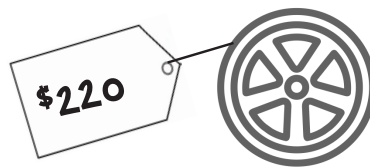

What will her change be?

Tom has:

1 tire costs:

What will his change be?

Jennifer has:

1 spark plug costs:

What will her change be?

Take a  peek

at what you can become!
