

South Dakota High Demand & High Wage Career

**Career Cluster: Transportation,
Distribution & Logistics**

Automotive Service Technicians & Mechanics

Standard Occupational Code 49-3023

What They Do

Inspect, maintain and repair cars and light trucks. They may work on any part of a vehicle related to how it operates, from engines to brakes. They often confer with customers to discover vehicle problems that need to be repaired, and they also use computerized diagnostic devices to help identify problems.

Is This For You?

Work Interests are described in the following categories (compatible with Holland's Model). People who tend to succeed in this career are:

Realistic (Doers) — Prefer to work with objects, things, machines, tools, plants or animals. They have mechanical ability, enjoy being outdoors and working with their hands.

Conventional (Organizers) — Detail oriented and organized. They like to analyze data, keep financial records and do research. They can be counted on to be accurate and enjoy structure and closure.

Work Values are aspects of work that are satisfying to you. The following work values are generally associated with this career.

Independence — Work on their own and make decisions.

Support — Offer supportive management that stands behind employees.

Relationships — Provide service to others and work in a friendly, non-competitive environment.
