High Demand & High Wage Career

Career Cluster:
Information Technology

Computer User Support Specialists

Standard Occupational Codes 15-1232, 15-1151

What They Do

Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance on the use of computer hardware and software, including installation, printing, electronic mail and operating systems.

Is This For You?

Work Interests are described in the following categories (compatible with Holland's Model). People who tend to succeed in this career are:

Realistic (Doers) — Prefer to work with objects, things, machines, tools, plants or animals. They have mechanical ability, enjoy being outdoors and working with their hands.

Investigative (Thinkers) — Interested in science and logic. They like to analyze, evaluate and solve problems, and enjoy learning and understanding the causes of events.

Work Values are aspects of work that are satisfying to you. The following work values are generally associated with this career.

Relationships — Allow employees to provide service to others and work with co-workers in a friendly non-competitive environment.

Working Conditions — Offer job security and good working conditions.

Achievement — Results oriented, allow use of strongest abilities and provide feeling of accomplishment.

Abilities reflect a person's aptitude to acquire skills and knowledge. The following abilities are important for success in the career:

- Oral Comprehension
- Oral Expression
- Written Comprehension
- Near Vision
- Information Ordering
- Speech Clarity
- Deductive Reasoning

Basic Skills You Need

- Active Listening
- Reading Comprehension
