High Demand & High Wage Career

Career Cluster: Health Science

Medical and Health Services Managers

Standard Occupational Code 11-9111

What They Do

Plan, direct and coordinate medical and health services in facilities where those services are offered. They may manage an entire facility, a specific clinical area or department, or a medical practice for a group of physicians. These managers must adapt to changes in healthcare laws, regulations and technology.

Is This For You?

Work Interests are described in the following categories (compatible with Holland's Model). People who tend to succeed in this career are:

Enterprising (Persuaders) — Like to influence, persuade or lead people and manage others. They enjoy working on a team toward goals, competition and business-like activities.

Conventional (Organizers) — Detail oriented and organized. They like to analyze data, keep financial records and do research. They are accurate and enjoy structure and closure.

Work Values are aspects of work that are satisfying to you. The following work values are generally associated with this career.

Independence — Allow employees to work on their own and make decisions.

Working Conditions — Offer job security and good working conditions.

Relationships — Allow employees to provide service to others and work with co-workers in a friendly non-competitive environment.

Abilities reflect a person's aptitude to acquire skills and knowledge. The following abilities are important for success in the career.

- Oral Expression
- Oral Comprehension
- Written Comprehension
- Written Expression
- Problem Sensitivity
- Speech Clarity
- Deductive Reasoning
- Inductive Reasoning

Basic Skills You Need

- Speaking
- Critical Thinking
- Active Listening
- Coordination
- Judgment and Decision Making

Education & Training

A bachelor's degree in a health services management or similar program is the minimum level of education recommended for medical and health services managers. In many cases, a master's degree or higher is preferred.

Nursing Facility Administrators in South Dakota must be licensed by the South Dakota Department of Health. For more information, visit <https://doh.sd.gov/boards/nursingfacility>.
