

South Dakota High Demand & High Wage Career

Career Cluster:
Architecture & Construction

Operating Engineers

Standard Occupational Code 47-2073

What They Do

Operate one or several types of power construction equipment, such as bulldozers, scrapers, compressors, derricks, tractors, or front-end loaders to excavate, move and grade earth, erect structures or pour hard surface pavement. May repair and maintain equipment in addition to other duties.

Is This For You?

Work Interests are described in the following categories (compatible with Holland's Model). People who tend to succeed in this career are:

Realistic (Doers) — Prefer to work with objects, things, machines, tools, plants, or animals. They have mechanical ability, enjoy being outdoors, and working with their hands.

Conventional (Organizers) — Detail oriented and organized. They like to analyze data, keep financial records, and do research. They can be counted on to be accurate and enjoy structure and closure.

Work Values are aspects of work that are satisfying to you. The following work values are generally associated with this career.

Support — Offer supportive management that stands behind employees.

Relationships — Provide service to others and work with co-workers in a friendly, non-competitive environment.

Working Conditions — Job security and good working conditions.

Abilities reflect a person's aptitude to acquire skills and knowledge. The following abilities are important for success in the career.

- Control Precision
- Depth Perception
- Multi-limb Coordination
- Near Vision
- Far Vision
- Rate Control
- Reaction Time
- Arm-Hand Steadiness

Basic Skills You Need

- Operation and Control
- Equipment Maintenance
- Operations Monitoring
- Monitoring

Education & Training

The minimum of a high school diploma or equivalent is recommended for operating engineers and other construction operators, followed by learning the trade on the job. To be more competitive in the job market, some postsecondary education in a heavy equipment operations type of program would be beneficial.

A registered apprenticeship is another option for preparing for this occupation. To learn more, visit StartTodaySD.com or contact your local Job Service office to get started.

Recommended Levels* for the National Career Readiness Certificate
