

South Dakota High Demand & High Wage Career

Career Cluster: Architecture &
Construction

Plumbers, Pipefitters and Steamfitters

Standard Occupational Code 47-2152

What They Do

Assemble, install or repair pipes, fittings or fixtures of heating, water or drainage systems according to specifications or plumbing codes. May install heating and cooling equipment and mechanical control systems like sprinkler systems.

Is This For You?

Work Interests are described in the following categories (compatible with Holland's Model). People who tend to succeed in this career are:

Realistic (Doers) — Prefer to work with objects, things, machines, tools, plants or animals. They have mechanical ability, enjoy being outdoors and working with their hands.

Conventional (Organizers) — Detail oriented and organized. They like to analyze data, keep financial records and do research. They can be counted on to be accurate and enjoy structure and closure.

Work Values are aspects of work that are satisfying to you. The following work values are generally associated with this career.

Independence — Allow employees to work on their own and make decisions.

Relationships — Allow employees to provide service to others and work with co-workers in a friendly, non-competitive environment.

Support — Offers supportive management that stands behind employees.

Abilities reflect a person's aptitude to acquire skills and knowledge. The following abilities are important for success in the career.

- Near Vision
- Problem Sensitivity
- Arm-Hand Steadiness
- Manual Dexterity
- Multilimb Coordination
- Oral Comprehension

Basic Skills You Need

- Critical Thinking
- Active Listening
- Judgment and Decision Making
- Speaking
