Visit our DLR Site
Next, you will choose the type of representative that you are. As a note, if you are not the employer for tax purposes you will choose option 2, Third Party Agents.

**Representative Type**
Please specify what type of user that you are:

- **Direct Representative of your Organization**
  This includes employees, principals and owners of the organization that is registering.

- **Third Party Agents (TPA)**
  This includes companies that represent one or more registered organizations and will perform activities on their behalf.

- **Professional Employer Organization (PEO)**
  This includes companies that have responsibility for managing payroll for one or more registered organizations and will perform activities on their behalf. A PEO is the employer of record for tax purposes and insurance purposes.

**Agent Identification**
Please enter the FEIN for your business, NOT the business that you will be representing, that will come later.

**Login Information/business information**
Next, you will need to create an account for your business. This is NOT the business or businesses that you will be representing. This would be your company and your information about the company. Entering the information for the companies you are representing comes on the next screen.

**Adding employers or Editing employers**

**What would you like to do next?**
- **Add Companies or Employers you wish to represent**
  To find employers you wish to represent as an agent, please click the link above.

- **Add Contacts**
  To add additional contacts for your company, please click the link above.

- **Add Locations**
  To add additional locations for your company, please click the link above.

- **My Dashboard**
  To find more information about other services offered to employers, please click the link above.
Choose add companies or employer you wish to represent. Then you will click on the “Search for Employer to Represent” link.

Once there, you will have to search for your employer. You can use any of the fields but the easiest would be to input the FEIN.

The search results will show right below.

You will need to check the box by the appropriate employer and hit the blue “select” link to proceed.

A message will appear to click “OK” if you have supporting documentation to add.

You will need to have your supporting documentation to proceed.
Documentation Information
You will need to enter the dates that your employer gave your power of attorney and the end date if applicable. You will then be able to attach your supporting documentation. Once your documentation is attached, our system will notify staff that they have a pending third party verification. Staff will then review the document and approve the request. The employer also has the ability to approve requests.

Helpful Tip
Below is a screenshot of your dashboard for being a Third-Party Administrator. You will have to click on the Power of Attorney tab to get to your representing employer’s screen.

Once there, you can click on the blue “Pin to Dashboard” link in the upper left corner and that will put the representing employers tab on your main dashboard under the pinned links section.
