Hultman appointed Deputy Secretary of Labor

PIERRE, S.D. – South Dakota Secretary of Labor Pam Roberts has announced the appointment of Marcia Hultman as Deputy Secretary of Labor. “As a team player, strong communicator, good listener, diplomat and visionary, Marcia will provide strong leadership as the department moves forward,” said Secretary Roberts.

For the past nine years with the department, Hultman has functioned as the Public Information Officer, Director of Communications and Project Development, and most recently as the Director for the Division of Workforce Information. “Each of these positions has allowed Marcia the unique opportunity to accept increasing responsibilities and work with each division within the department. These experiences have given her the in-depth knowledge of the Department of Labor necessary to function as my Deputy Secretary,” Secretary Roberts continued.

Hultman, a native of Belle Fourche, has resided in Pierre for the past ten years. Her family includes her husband, Brian, sons Riley and Brody, and foreign exchange student, Sebastian. She will be filling the vacancy of Lloyd Schipper, who after 27 years of service to the State of South Dakota, will be retiring on July 8.
