America's Job Bank to cease operations July 1

PIERRE, S.D. – America's Job Bank, the nation's largest online labor exchange, will be ceasing operations effective July 1, 2007. However, the South Dakota Department of Labor (SDDOL), along with many other state workforce agencies, has a job bank in place which will meet the needs of all businesses and job seekers. After the site is taken down, a "splash" page will replace the site for a period of time that will contain information on accessing state job banks. South Dakota's job bank, SDWORKS, is available at no charge at www.sdjobs.org.

Statewide South Dakota Career Centers offer many services to enhance the workforce such as providing businesses with employment-related solutions and helping people with job placement and career transition services.

Federal contractors required to list their job openings should contact their local Career Center to post these openings or to receive more information. Contractors may also visit JOBcentral at www.jobcentral.com for additional information.

For further information, contact SDDOL staff at (605) 626-7652 ext. 4416 or (605) 773-4999.
