APPLICATION FOR ON-SITE WASTEWATER SYSTEM INSTALLER CERTIFICATION

South Dakota has installation requirements for onsite wastewater systems. These design requirements ensure that wastewater discharged into these systems is treated properly and will not pose a risk to human health or the environment. South Dakota's regulations for onsite wastewater systems are found in the Administrative Rules of South Dakota (ARSD), Chapter 74:53:01 and 20:53:12:03.

Septic Tank Installer Certification

To install septic tanks in South Dakota, a person needs to be certified. This certification program ensures that persons installing septic systems understand the design requirements. If you wish to become a certified installer, please complete the following information and submit it to the South Dakota Plumbing Commission at the address above. You will be provided a certification test. A score of 70% or higher is needed to become a certified installer.
