FAMILY INCOME LEVELS FOR OVERPAYMENT WAIVER PROVISION

[ARSD 47:06:04:22](#) (Effective July 1, 2024)

Based on LMIC's calculation (on May 09, 2024) of the average weekly wage rate (\$1,065.55) for covered employment in South Dakota for the preceding calendar year, the following table provides the maximum 'family income' to qualify for a waiver of Reemployment Assistance overpayment.

Please keep in mind that even if an individual exceeds the family income, unusually high medical expenses or other financial emergencies that would cause an extraordinary hardship may also be a basis for granting a waiver.

Family Income Table for Waiver Provision Effective July 1, 2024	
Family Size	Family Income
1	\$27,704
2	\$33,245
3	\$38,786
4	\$44,327
5	\$49,868
6	\$55,409

Based on the Labor Market Information Center's average wage calculation in May 2024 using annual 2023 employment data from the Quarterly Census of Employment (QCEW) and [ARSD 47:06:04:22](#).
