From The Director

The fall season will be here soon and so will renewal time!

Licensees who need to renew this year will soon be receiving their renewal notice by email to go online and renew (this is the only way you can renew your license). The renewal will need to be completed no later than November 30, 2021. Renewals that are received after that date will have to pay a late fee. In addition, all active licensees who carry errors and omissions insurance from Rice Insurance Services Company will be receiving notices to renew from them. All licensees who carry optional insurance need to make sure we have proof of your errors and omissions insurance by January 1, 2022

Responsible brokers —check to see if you are up for license renewal this year and not just your license but those associated with you, as well. It's a good idea to have a meeting with your associates that are up for renewal to see where they are at in the renewal process. Encourage them to complete their education prior to the renewal deadline. If they do not know the number of education hours they currently have, that information can be found in the 'Online Personal Licensee Services' section on the Commission's website.

If your renewal is submitted, and you have not completed your continuing education and/or do not have errors and omissions insurance covering you on January 1, 2022, your license will be placed on inactive status.

I know it's been a very different year for all of you. Keep your head up and keep going.

Have a great fall season!
