

EDUCATION CONCURRENT WITH WORKFORCE PREPARATION

Education offered concurrently with an in the same context as workforce preparation activities and training for a specific occupation or occupational cluster is one of the fourteen youth elements that must be made available to youth participants. This service element is provided through the DLR employment specialists.

This program element reflects an integrated education and training model and requires integrated education and training to occur concurrently and contextually with workforce preparation activities, basic academic skills, and hands-on occupational skills training are to be taught within the same time frame and connected to training in a specific occupation, occupational cluster, or career pathway.

More guidance will be provided as it becomes available.
