SUPPORT SERVICES

Support Services are available for WIOA Title I Adult, Dislocated Worker and Youth programs. Support services are one of the 14 youth elements that must be made available to participants.

Support services may only be provided to participants when it is necessary to enable individuals to participate in services, and is tied to a specific service. Such needs are typically identified through the assessment process and outlined in the Employment Plan. Support services are payments made to or on behalf of eligible participants for one-time or temporary services required to support the individual’s Employment Plan. WIOA Title I will only pay for expenses incurred while a participant is enrolled in the program and actively participating in activities authorized under WIOA.

Example: If the participant needs assistance with books, or scrubs, etc., and DLR is taking credit for an OST, then a support service would be appropriate. If the participant is in school but DLR is not taking credit for the classes, then support services would not be appropriate. If a participant is looking for employment and is in need of gas, etc., then a support service would be appropriate.

All Support Services must be approved in advance by DLR staff. As a part of the objective assessment process and development of the Employment Plan, determine a participant’s need for Support Services and appropriate community resources and referrals. Support services are services that are reasonable and necessary to enable a participant to take part in other services and activities related to their Employment Plan. Support services should not duplicate a service a participant could receive from another program in the community. If possible, it may be applicable to cost share with other service providers.

Support Services are not intended to meet every need of the participant. Rather, they provide temporary assistance. For this reason, staff should assist the participant in developing a plan to cover the supported costs once WIOA Title I funds are no longer appropriate for the individual. This plan must be documented in case notes in SDWORKS.

Support Services are not intended to assist in paying for expenses refundable to the participant. If situations arise where a support service such as this is to be considered, it must be approved by a Labor Program Specialist. Exceptions will be documented in the participant’s case notes in SDWORKS by the approving Labor Program Specialist.

Payments are not allowed for:
- Titled or deeded items or when recovery of the expense is anticipated. Examples include: Rent or housing deposits, mortgage payments, homeowners insurance, property taxes, car payments, purchase of vehicles, fines, and late fees.
- Expenses incurred prior to enrollment in a WIOA program.
- Business start-up costs.
- Internet or phone service (prepaid, plan, minutes, etc.).

FUNDING

The utilization of Support Services is determined on an individual basis. Fund distribution is determined at the job service office with guidance from a Labor Program Specialist as needed. Eligibility or enrollment in WIOA does not constitute entitlement to Support Services. Support Service dollars are not guaranteed as they are based on availability of program funds.

A request for additional funds beyond the maximum limit per program year may submitted by providing the justification and reasoning to a Labor Program Specialist. Exceptions will be noted in the participant’s case notes in SDWORKS by a Labor Program Specialist.

MODIFICATION

If additional funds are needed on an open Obligation Voucher, contact the Administrative Services Division (“Fiscal”) to void the open voucher. Once the open voucher is voided, create a new Obligation Voucher. The required uploaded
documents from the voided voucher will remain in the document section. Include the reasons for the additional dollars on the new Obligation Voucher in the comment box. Additional documents are not needed. Include a SDWORKS case note.

DOCUMENTATION

The requirement for invoices or receipts is based on the service and the method of payment. More information is outlined for each service type under “Services” below.

When approving Support Service payments, the Employment Specialist must consider the following:

- What WIOA activity does this support service support?
- How does this help the participant in achieving their employment goal?
- How the obligation amount was determined?
- How long will WIOA Title I assist the participant?
- How will the participant cover this cost after temporary funding?

Individual eligibility related to the service must be justified in a SDWORKS case note. This justification note compiles the answers to the questions above, and includes an analysis and recommendations from the Employment Specialist. All justifications must be documented in a SDWORKS case note.

Ensure all required documentation is complete, legible, and uploaded to the Obligation Voucher in SDWORKS. In the comment box on the Obligation Voucher, include a summary and the date of the justification note. A job service office manager will review and approve the voucher. The approving manager is responsible for ensuring all documentation is uploaded, correct, and legible before authorizing Obligation and Payment vouchers.

All Support Services will use the Authorization for Purchase (Form 24) to reimburse the individual or pay the service provider.

SUPPORT SERVICES AND PAYMENT PROCEDURES

Employment Specialists are expected to follow up with their participant to ensure the activity was completed. If a participant is not completing an activity as identified, support services for the activity should not continue. Ensure WIOA Title I funds do not duplicate childcare assistance available from another source. Participants should be encouraged to take advantage of financial literacy services to assist them with an on-going plan to pay for their dependent care expenses.

**Determine allowed dependent care cost**

If a participant is receiving child care assistance from another agency, WIOA Title I will pay for the allowed dependent care costs after subtracting the received child care assistance amount. Supporting documentation in this instance must include verification of outside child care assistance.

If a dependent care provider requires a weekly rate, the participant must have a plan for the entire week or they are responsible for paying the time they are not taking part in WIOA Title I activities. Specifications are provided in the tables below:

Advances of more than 14 days are not allowed with the exception of monthly bus passes and gas assistance activities outlined in Table 1.

Enter the date of the SDWORKS case note in the Comment box on the Obligation Voucher. Upload Form 24 to Obligation Voucher. Upload the invoice to the Payment Voucher.

**Gas Assistance**
Mileage Determination (**Distance**): The amount allowable for WIOA assistance is determined from the participant’s home to their destination and back (round trip), which is confirmed by randmcnally.com, mapquest.com, etc. This document must be uploaded to the Obligation Voucher as outline in the table below. Gas is paid at the state travel reimbursement rate “when a state vehicle is available.” [Click here to reference state rates](#).

To determine the allowable transportation cost use the **transportation cost formula**:

\[
\text{Distance (Round Trip)} \times \text{Frequency} \times \text{Standard Rate} = \text{allowed transportation cost (Round up to the nearest $1.00)}.
\]

**Example:** 110 miles Round Trip x 2 trips x .23 = $50.60. Round up to the next $1.00, so $50.60 would be $51.00.
Payment methods and documentation:

1. **To a service provider** – amount is based on the transportation cost formula (see above). The travel cost formula must be entered in the Comment box (see additional requirements in Table 1 for type of activity) on the Obligation Voucher, and Form 24 and the mileage determination are uploaded. Provider receives Form 24 and provides invoice or receipt. The invoice or receipt is uploaded to the Payment Voucher. Payment to the provider cannot exceed the allowed transportation cost (calculated by the transportation cost formula). If the invoice is less than the allowed transportation cost, the amount on the invoice should be paid. If the invoice is more than the allowed transportation cost, the amount of the allowed transportation cost should be paid.

2. **Reimbursement to the participant** – amount is based on the transportation cost formula (see above). The travel cost formula must be entered in the Comment box (see additional requirements in Table 1 for type of activity) on the Obligation Voucher, and Form 24 and the mileage determination are uploaded.

3. **In advance to participant** – amount is based on the transportation cost formula (see above).
