Active service includes full-time Federal service in the National Guard or Reserve component. This definition of “active service” does not include full-time duty performed strictly for training purposes (such as weekend or annual training), nor does it include full-time active duty performed by National Guard personnel who are mobilized by State rather than Federal authorities (such as natural disasters).
- Priority of Service means that veterans and eligible spouses are given priority over non-covered persons for the receipt of employment, training, and placement services provided under a qualified job-training program. Priority means that veterans and eligible spouses are entitled to precedence over non-covered persons for services. This means that a veteran or eligible spouse either receives access to a service earlier in time to a non-covered person or, if the resource is limited, the veteran or eligible spouse receives access to the service instead of or before the non-covered person.
